LISFN SEMI-MONTHLY RESEARCH THERAPY

CALL FOR PARTICIPATION

The organization, Library and Information Sensitization Forum, Nigeria (LISFN), hereby invites researchers, students, lecturers, and interested participants to a research therapy session, which will be organized twice a month.

LISFN Research Therapy is designed to provide researchers with practical techniques, tools, guidance, and support to enhance their research skills and navigate the research process effectively. It offers a hands-on and interactive approach to address common challenges and promote a more efficient and successful research experience, empowering researchers to apply practical strategies in conducting their studies.

All interested participants are kindly requested to purchase a registration form at the LISFN secretariat adjacent to the Public Library, Ahmadu Bello University, Zaria.

Registration Fee

- ❖ Form: 5,000 Naira
- ❖ Monthly payment: 6,000 Naira
- ❖ E-Certificate: 1,000 Naira
- ❖ E-Research Therapy Workbook: 5,000 Naira

Date/Deadlines:

- ❖ Interested participants must purchase a form on or before **July 15th, 2023**.
- ❖ Monthly registration must be made on or before one week prior to the Research Therapy.
- ❖ Commencement Date: **August 5th, 2023**.

Venue: Faculty of Education Conference Room, Ahmadu Bello University, Zaria.

GRAND PATRON: Prof. Zakari Mohammed

PATRONS: Prof. Abdullahi I. Musa, Dr. Habib Mohammed, Prof. Tijjani Abubakar

ADVISERS: Mal. Ahmed Yusuf, Mal. Abubakar M. Mohammed, Mr. Gabriel Kasa Mathias

AREAS TO BE COVERED

1. Background to the study

- ❖ Practical approach to writing a qualitative background for the study
- ❖ Practical approach to writing a quantitative background for the study
- ❖ Practical approach to writing a mixed-methods background for the study

2. Statement of the Problem:

- ❖ Practical approach to writing a qualitative statement of the problem
- ❖ Practical approach to writing a quantitative statement of the problem
- ❖ Practical approach to writing a mixed-methods statement of the problem

3. Research Questions/Objectives/Hypothesis:

- ❖ Practical approach to writing qualitative research questions/objectives
- ❖ Practical approach to writing quantitative research questions/objectives/hypotheses
- ❖ Practical approach to writing mixed research questions/objectives

4. Significance of the Problem:

- ❖ Practical approach to writing a qualitative significance of the problem
- ❖ Practical approach to writing a quantitative significance of the problem
- ❖ Practical approach to writing a mixed-methods significance of the problem

5. Literature Review (Qualitative, Quantitative, and Mixed Approach):

- ❖ Practical approach to writing an integrative review
- ❖ Practical approach to writing a systematic review
- ❖ Practical approach to writing a narrative review
- ❖ Practical approach to writing a meta-analysis review
- ❖ Practical approach to writing a scoping review
- ❖ Practical approach to writing a critical review
- ❖ Practical approach to writing a systematic mapping review
- ❖ Practical approach to writing a rapid review
- ❖ Practical approach to writing an umbrella review
- ❖ Practical approach to writing a conceptual review
- ❖ Practical approach to writing a historical review
- ❖ Practical approach to writing a theoretical review
- ❖ Practical approach to writing a methodological review
- ❖ Practical approach to writing a cross-cultural review
- ❖ Practical approach to writing a policy review
- ❖ Practical approach to writing a practice-based review
- ❖ Practical approach to writing a comparative review

6. Use of Theory in Research:

- ❖ Practical approach to qualitative theory use
- ❖ Practical approach to quantitative theory use
- ❖ Practical approach to mixed-methods theory use
- ❖ Variables, constructs, and propositions in research

7. Methodology:

- ❖ Practical approach to choosing a research paradigm/philosophy
- ❖ Practical approach to choosing a qualitative research design
- ❖ Practical approach to choosing a quantitative research design
- ❖ Practical approach to choosing a mixed-methods research design

8. Instrument for Data Collection:

- ❖ Practical approach to designing a qualitative instrument for data collection
- ❖ Practical approach to designing a quantitative instrument for data collection
- ❖ Practical approach to designing a mixed-methods instrument for data collection

9. Instrument for Data Analysis:

- ❖ Practical approach to choosing a qualitative instrument for data analysis
- ❖ Practical approach to choosing a quantitative instrument for data analysis
- ❖ Practical approach to choosing a mixed-methods instrument for data analysis

10. Software for Data Analysis:

- ❖ Practical approach to using qualitative software for data analysis
- ❖ Practical approach to using quantitative software for data analysis
- ❖ Practical approach to mixed-methods data analysis

11. Data Presentation, Analysis, and Discussion:

- ❖ Practical approach to qualitative data presentation, analysis, and discussion
- ❖ Practical approach to quantitative data presentation, analysis, and discussion
- ❖ Practical approach to mixed-methods data presentation, analysis, and discussion

12. Summary, Conclusion, and Recommendation:

- ❖ Practical approach to writing a good qualitative summary, conclusion, and recommendation
- ❖ Practical approach to writing a good quantitative summary, conclusion, and recommendation
- ❖ Practical approach to writing a good mixed-methods summary, conclusion, and recommendation
